## **Head Coach Mark Richt**

### *Opening statement...*

"Georgia won today which was good. It's so hard to try and judge what kind of a day it was when you go Georgia against Georgia while working your first, second, and third units because it's just a lot of guys getting a lot of reps."

"When things were executed properly on offense it was pretty to watch. Defensively I thought that the guys for the most part played well as a unit. They tackled well and batted some balls down at the line of scrimmage."

### *On how the quarterbacks looked under pressure...*

"There's going to be pressure on the quarterback. During the game the pocket is going to get tight on them at times and somehow you've got to make good decisions by throwing the ball away, hitting the checkdown, or even taking the sack. A couple of times they took sacks and sometimes that's the best decision."

### *On Brice Ramsey...*

"He made some nice plays. Over the spring he has done a very good job of studying what to do, getting us in the right protections, getting us in the right hot and side adjustment situations. He's been really pretty accurate throughout the spring practices to this point."

### *On Faton Bauta...*

"Faton has been a guy who has worked extremely hard to get a comfort level with everything that Coach Schottenheimer is trying to teach him. He got better and better as the spring went along."

### *On Jacob Park...*

"Jacob ran more reps with the two and three units, but you can see his arm talent and his ability. This summer will be crucially important for him. The more he gets comfortable with the system the better he'll compete."

### *On who the starting QB will be in the fall...*

"It's still a race. I don't think there's any question that it will go through the summer and fall before we make that decision on who will start the first ball game."

## **RB A.J. Turman**

"It was good to get out in front of the fans and play well. It helped build my confidence up a lot but I still have a few things to work on to get better. I wasn't out there to prove anything; I just wanted to play as hard as I could. It felt good running the ball, it felt like high school."

"The offensive line has worked hard. I knew my touchdown was coming; they blocked well and opened up a hole for me. The defense was playing hard against the run, they were hitting pretty hard out there. Today was a great day to build confidence and keep the momentum rolling into summer practice."

## **WR Malcolm Mitchell**

"This was my first spring game, so it felt good to get out there in front of the fans. The offense is coming together but obviously we have more work to do. We'll definitely have more time to prepare for the fall. We have a lot of time to build our team. We want to focus on that so that we can execute well. Overall the quarterbacks did well. It's just a process to adjust to a new quarterback, and the quarterbacks have to adjust to the wide receivers, it's a two-sided process."

## **OLB Lorenzo Carter**

### *On G-Day in general*

"I think I played well. We tried to keep up the energy. Coach Rocker helped keep the energy up the whole game. We pass-rushed well and got in the backfield some, I'm just ready to start hitting quarterbacks. We've got some things to fix but I think as a defense we played really well. I feel like the D-line did well closing in and putting pressure on the quarterback. The DBs played well too, breaking up some passes. For me, it's a moral booster after spring ball, we kind of ended on a high note with all the fans coming out to the game."

## **ILB Reggie Carter**

### *On today's defensive performance*

"We came out and executed well. We still have a long way to go but we're making big strides and we need to continue. Competition brings out the best and everyone is getting better feeding off that competition."
